

PRESS RELEASE

New Business Aviation Centre Frankfurt (BACF) - Kurz Aviation with new presence at Frankfurt Airport

Frankfurt Airport, 15. October 2014 – The Kurz Aviation Group is expanding again. As of now General Aviation operators can profit from the exceptional service quality of BACF (Business Aviation Service Frankfurt) at Frankfurt and Egelsbach which is already known from Stuttgart (Kurz Aviation Service) and Cologne (Business Aviation Centre Cologne). For BACF customers the Ground Handling Fee of Fraport AG does not apply.

The Business Aviation Centre Frankfurt offers its customers a comfortable 60m² lounge at the General Aviation Terminal. All services like slot coordination, arrangement of high quality catering, organisation of vans and limousines, 24 hours availability as well as hot water, coffee and ice for departure are included. In addition to that, the so far mandatory Ground Handling Fee of the Fraport AG does not apply to customers of BACF.

„I am very excited that we can now offer our excellent services at Frankfurt Airport and I'm sure that we will welcome new customers as well as current customers from Stuttgart and Cologne“, says director Rolf Kurz.

The Business Aviation Centre Frankfurt GmbH is a wholly-owned subsidiary company of Kurz Aviation Service Stuttgart GmbH. BACF offers complete ground handling services and is located at the General Aviation Terminal at Frankfurt Main Airport
